Value Added Courses for UG Students

Academic year 2023-24

About Value Added Courses

Value-Added Courses (VACs) are additional educational offerings that provide students with skills and knowledge that are beyond the standard curriculum. Value-added programs can help students acquire additional skills and qualifications that are relevant and in-demand in the job market. They can also help students showcase their achievements and potential to employers and recruiters. At IADCA, these courses are offered every academic year to UG students across various programs. The courses typically consist of 30 hours of instruction and are taught by industry or academic experts.

Objectives of the Value Added Course are:

- to provide students with a well-rounded education that prepares them for success in their future careers.
- to provide students an understanding of the expectations of industry.
- to improve employability and inter-disciplinary skills of students.
- to bridge the skill gaps and make students industry ready.

Value Added Course offered for final year UG students in 2023-24

Overview of course - Soft skill Training

The objective of a soft skill course is to help bridge the skill gap between Campus to Corporate and making the students job ready. This provides training by industry experienced trainers along with case studies based on industry experiences. The 30 hours of training covers personal development, communication, leadership, entrepreneurship, and technological advancements. It has engaging

sessions to enhance active listening, public speaking, and teamwork in order to equip students with skills necessary for academic and professional success.

Important features of Value Added Courses 2023-24

1. Technical courses are offered to lower semesters to enhance knowledge, skill and knowhow.
2. Each student is provided individual laptop and personal training in the subject.
3. Assessments are conducted at the end of the course.
4. Certificates are provided to students who successfully completed the exam.
5. Soft skill course is offered to final year UG students to improve their interpersonal and professional skills enabling them better opportunities after course completion.

Value Added Courses for UG Students (BA)

Academic year 2023-24

About Value Added Courses

Value-Added Courses (VACs) are additional educational offerings that provide students with skills and knowledge that are beyond the standard curriculum. Value-added programs can help students acquire additional skills and qualifications that are relevant and in-demand in the job market. They can also help students showcase their achievements and potential to employers and recruiters. At IADCA, these courses are offered every academic year to UG students across various programs. The courses typically consist of 30 hours of instruction and are taught by industry or academic experts.

Objectives of the Value Added Course are:

- to provide students with a well-rounded education that prepares them for success in their future careers.
- to provide students an understanding of the expectations of industry.
- to improve employability and inter-disciplinary skills of students.
- to bridge the skill gaps and make students industry ready.

Value Added Courses for UG Students

Academic year 2023-24

About Value Added Courses

Value-Added Courses (VACs) are additional educational offerings that provide students with skills and knowledge that are beyond the standard curriculum. Value-added programs can help students acquire additional skills and qualifications that are relevant and in-demand in the job market. They can also help students showcase their achievements and potential to employers and recruiters. At IADCA, these courses are offered every academic year to UG students across various programs. The courses typically consist of 30 hours of instruction and are taught by industry or academic experts.

Objectives of the Value Added Course are:

- to provide students with a well-rounded education that prepares them for success in their future careers.
- to provide students an understanding of the expectations of industry.
- to improve employability and inter-disciplinary skills of students.
- to bridge the skill gaps and make students industry ready.

Value Added Course offered for final year UG students in 2023-24
