Value Added Courses for UG Students

Academic year 2023-24

About Value Added Courses

Value-Added Courses (VACs) are additional educational offerings that provide students with skills and knowledge that are beyond the standard curriculum. Value-added programs can help students acquire additional skills and qualifications that are relevant and in-demand in the job market. They can also help students showcase their achievements and potential to employers and recruiters. At IADCA, these courses are offered every academic year to UG students across various programs. The courses typically consist of 30 hours of instruction and are taught by industry or academic experts.

Objectives of the Value Added Course are:

- to provide students with a well-rounded education that prepares them for success in their future careers.
- to provide students an understanding of the expectations of industry.
- to improve employability and inter-disciplinary skills of students.
- to bridge the skill gaps and make students industry ready.
