Confirmation of Selected Posters: 15th October 2023

About the 3rd International Conference

School of Applied Sciences, REVA University welcomes you to the 3rd International conference on Global Trends in Sustainable Technology and its Applications in Applied Sciences (GTSTAAS-2023) on 30th and 31st October 2023 at REVA University, Bangalore. The international conference has been specifically designed with the intention of delivering outstanding outcomes and challenges in the Physical, Chemical, Mathematical, Biological, Medical and Health Science sectors. It intends to bring collectively researchers, scientists, technicians, and scholars in all fields of the applied sciences, medical and healthcare sector, for the propagation of original research conclusions, new approaches and developmental practices that yield real results. The conference theme "Global Trends in Sustainable Technology and its Applications in Applied Sciences (GTSTAAS-2023)" is dedicated to bringing together a significant number of diverse scholarly events for presentation within the specified domains of conference. Participants will have an opportunity to interact with leading experts from their respective fields to bestow their research plans in different countries. With eminent International and National Speakers, the conference provides an exceptional value for students, academics, and industry experts and researchers. The conference aims to bring together leading scientists, researchers, and research scholars to exchange and share their experiences and research results on all aspects science. It also provides an interdisciplinary platform to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered, and solutions adopted in the fields of Life Science, Chemical & Physical sciences, and Medial Sciences.

About the Indian Association of Applied Microbiologists

Indian Association of Applied Microbiologists is one of the representative voluntary organizations of Microbiologists of basic and applied aspects, which looks after the interest of many eminent microbiologists, students, and the wellbeing of the society. IAAM was formed in the year 2000 under Tamil Nadu Society's Registration Act 1975, under the leadership of Prof Dr. P. Rajendran. As an organization, it has continued to play an important role in its deliberations to help in R&D in the field of Microbiology. So far it has proudly hosted number of National Conferences in various parts of Tamil Nadu. Today it stands as a well-established Association which organizes periodic meetings, symposia, workshops, and special lectures by eminent scientist's world over.
