CIRCULAR

This is to inform that IQAC is organising a guest lecture on '**Health and Hygiene**' for all the lab assistants of the college on 10th January 2023. All must attend without fail.

Resource person: Dr. Sangeetha Annie George
IQAC Coordinator

Venue: Room no. 111

Objective:

- To make the staff realize the value of health and its personal and social importance.
- To inculcate habits of healthy living, regarding personal hygiene, food, clothing and posture.
- To understand the importance of nutritious diet for physical and mental development.

Outcome: The staff will be able to

- Understand the healthy practices to maintain hygiene
- Identify the health hazards associated with personal health and hygiene

Annual FDP-SRUJANA 2023

Frequent capacity building activities are vital not only for the newly recruited teachers but also for existing faculty members to acquaint themselves with rapid paradigm shifts in education. The changes entail faculty members to attain new knowledge, diverse skills, and abilities in many aspects. Faculty development has become a priority to improve the quality of academic programs and to respond to emerging faculty, students and industry needs. FDP or a systematic training process empowers the faculty to accomplish defined tasks with expertise in accordance with the institution's expectations. IQAC with its manifold activities like organising FDPs, FIPs etc. facilitates better atmosphere for sustaining and enhancing quality in the Institution. Annual FDP-SRUJANA was conducted by the IQAC on 13th and 14th March 2023. The theme was **“Emerging trends and challenges in teaching and research”**. The various sub themes were

- Quality improvement techniques in classroom teaching
- NXT GEN Pedagogy
- Learning the learners
- Research, Innovation and Patenting
- Importance of Design in Experimental and Clinical Research
- Publishing in Scholarly Journals

Objectives: The programme is intended

- To hone the teaching skills and to be effective in transfer of knowledge
- To accord importance to research activity in addition to academic activity
- To keep abreast of the latest teaching methodologies and acquire knowledge and skills in new and emerging areas

Outcome

- Appreciate the relevance of recent and advanced pedagogy for better student learning
- Identify and publish in the right scholarly journals
- Gain better and in-depth understanding of research and publications
- Attain knowledge on emerging paradigms and challenges in research and teaching

All the faculty members of IADC-A took part in the programme. Six eminent experts from various fields were invited to share their wisdom and cast experience on the topic. The programme began with the inaugural session on 13th March at 9.30 am. The Principal welcomed the gathering and shared his views with the participants that

if the faculty want to improve themselves and also help the growth of their students, then attending such programmes would enhance their skills of teaching concepts practically. Dr. Sangeetha Annie George, HOD, Dept. of Zoology & Coordinator of the IQAC briefed the faculty members about the objectives of the FDP and highlighted the logic and need for the same.

The two day FDP came to an end with the Valedictory Session. Overall the entire programme was an insightful one and briefed everyone with basic skills required in teaching and research and how to overcome the challenges in the field. The faculty members participated with great enthusiasm and they were greatly benefited from the knowledge shared by the resource persons.

Certificates were distributed to the participants. As a fitting finale, a few participants were asked to come on to the dais and share their experiences from the program. The program concluded on a happy note.

Respected Sir,

Subject: Permission for organizing a Seminar on
“FRONTIERS IN CANCER RESEARCH on 8th February 2023”

With reference to the above subject, we would like to bring it to your notice that the **Department of Biotechnology** is organizing a **Seminar on “Frontiers in Cancer Research on 08th February, 2023**. The following resource persons from **NCBS and Cytecure Cancer Hospitals, Bengaluru**, have given their consent to deliver technical sessions. We are also planning a **Poster presentation** for participants in Multipurpose Hall in the afternoon session. We have attached program schedule for your kind perusal. In this regard, we request your permission for the same. We also request you to join us and inaugurate the seminar.

1. Dr.Sabarinathan Radhakrishnan

Assistant Professor (Reader F),
DBT/Wellcome Trust Intermediate Fellow,
National Centre for Biological Sciences (NCBS), Bengaluru.

2. Dr. Punyashree RM

Associate Consultant – Gynaec Oncology
Cytecure Hospital, Bengaluru.

Thanking You

Yours Sincerely

Organizing Secretary

CIRCULAR

Date : 08-02-2023 (Wednesday)
Venue : Seminar Hall -II, IADCA-Campus.
Time : 09:30 am to 03:30 pm

In view of "World Cancer Day" the Department of Biotechnology, IADCA is organizing a Seminar on "Frontiers in Cancer Research" supported by DBT Star College Scheme.

The **Objectives** of the seminar are as follows:

- To embrace advanced technology-driven methods used to prevent and treat cancer in an effective manner.
- To make an impact on participant's knowledge about cancer, its effects & risk factors.
- To highlight the role of cutting-edge technologies like genomics in the cancer evolution.

The **Outcomes** of seminar are mentioned below:

- Gain knowledge about research developments and next generation technologies in cancer treatment.
- Acquire information about early detection and diagnosis of various types of cancer.
- Know about risk factors and co morbidities associated with cancer.

We request all the HoDs and faculty to render their support by participating in the Seminar.

Report on - Training Session on Library Facilities and Usage of Library Resources for the Faculty Members of IADC-A

Date: April 5th and 6th - 2022

Place: Library and Information Centre-IADC-A

Timing: 2.00pm to 3.00pm

The session aimed to enhance our library services, improve user experience, and ensure effective management of library resources.

Below is an overview of the key Aims and Outcomes of the session:

Aims of the Training Session:

- 1. Enhance Library Services:** The primary goal of the training was to enhance the quality of library services offered to patrons by equipping staff members with the knowledge and skills necessary to meet the diverse information needs of library users effectively.
- 2. Improve User Experience:** We aimed to improve the overall user experience for library patrons by focusing on providing exceptional user service, promoting information literacy skills, and ensuring easy access to library resources through the implementation of new technologies.
- 3. Ensure Effective Management of Library Resources:** Another key aim of the training was to ensure the effective management of library resources, including collection development, cataloging, and shelving practices, to maintain an organized and accessible library collection.

Outcomes of the Training Session:

1. **Introduction to Library Catalog System (OPAC):** Staff members gained proficiency in navigating the library catalog system (OPAC), which will facilitate easier access to library resources for patrons and improve overall search efficiency.
2. **Enhanced User Service Skills:** Training on user service excellence resulted in staff members feeling more confident and equipped to address patron inquiries and provide assistance in a courteous and efficient manner, thereby enhancing the overall patron experience.
3. **Promotion of Information Literacy:** Staff members are now better equipped to promote information literacy skills among library users through research assistance, library orientations, and guidance on evaluating information sources critically.
4. **Improved Collection Development Practices:** Reviewing collection development policies and procedures has enabled staff members to better understand the importance of maintaining a relevant and up-to-date library collection, ensuring that resources meet the needs of library users.
5. **Integration of Technology:** Staff members gained insights into the integration of technology tools and resources into library services, which will enhance access to information and streamline administrative tasks, ultimately improving library efficiency.

Conclusion:

In conclusion, the training session was successful in achieving its aims of enhancing library services, improving user experience, and ensuring effective management of library resources.

Report on Library Orientation for UG Students -2022-2023

Date: 10th to 14th October 2022

Place: Library Information Centre

Objective

The significance of orientation to a library! For first-year under graduate students, it's an important event that attempts to acquaint them with the facilities, services, and resources available in the library. Permit to explain its importance and the goals it seeks to accomplish.

A library orientation serves the primary purpose of acquainting students with the design and structure of the library. For effective research and leisure reading, knowing where to find various sections—such as the fiction, magazines, and reference sections, special concern towards using the online databases—is essential.

Additionally, students receive instruction on the several databases and research tools that are available to them during the library orientation. It gives the students a summary of the online catalog and teaches them how to look up books, journals, and other resources linked to their field of study.

Another objective of library orientation is to make students aware of the range of services offered by the library. These services may include interlibrary loan, research assistance, citation support, and access to digital resources. Informing students about these services empowers them to use the library to its fullest potential and seek the necessary assistance when needed.

Additionally, library orientations often highlight the importance of academic integrity and ethical research practices. By emphasizing the proper use of citations, plagiarism avoidance, and copyright awareness, students are encouraged to maintain scholarly integrity throughout their academic journey.

Outcomes:

In summary, the aim and objectives of a library orientation are to familiarize students with the library's layout, introduce them to research tools and databases, highlight available services, and promote academic integrity. By accomplishing these objectives, the library orientation assists students in becoming savvy and independent users of the library, enriching their academic experience. By familiarizing students with these tools, it encourages independent research skills and enhances their ability to find credible and reliable sources.

Report: Library Orientation Class for Post-Graduate Students 2022-2023

Date: 9th Jan 2023 to 14th Jan 2023

Place: Library and Information Centre

An orientation session for post-graduate students was conducted by the librarian with the aim of familiarizing the students with the resources, services, and facilities available at the library. The session was held on 9th Jan 2023 to 14th Jan 2023 at Library and Information Centre.

Key elements of the orientation class included:

1. Introduction to Library Resources:

The librarian provided a comprehensive introduction to the diverse range of resources available at the library, including books, journals, periodicals, e-books, and digital databases. The importance of utilizing these resources for academic research and learning was emphasized to the students.

2. Library Services and Facilities:

An overview of the various services and facilities offered by the library, such as interlibrary loans, reference services, photocopying/printing, and access to digital resources, was presented. The students were encouraged to make full use of these services to enhance their academic pursuits.

3. Library Catalog and Online Access:

The librarian demonstrated the library catalog system and guided the students on how to search for books, articles, and other materials using the online library portal. A tutorial on accessing online resources, including e-journals and databases, was also provided.

4. Citation Management and Research Support:

An overview of citation management tools and research support services available at the library was presented. This included guidance on citation styles, managing references, and seeking assistance for research projects.

Outcomes:

The orientation class received positive feedback from the post-graduate students, who appreciated the insights and practical guidance provided by the librarian. The students expressed a heightened sense of awareness regarding the available library resources and services, indicating a positive impact of the orientation session.

In conclusion, the orientation class proved to be an effective initiative in empowering post-graduate students with the necessary knowledge and skills to maximize their utilization of the library's resources for academic and research purposes.

Report on: Training the Library Ambassadors on Library Usage and the Library Facilities available at IADC-A.

Date: 27th May 2023.

Place: Library and Information Centre, IADC-A

Time: 12.00 pm to 1.00 pm

Library Ambassadors are individuals appointed to represent the library within the community, promoting its services, resources, and events. This report outlines the activities undertaken by Library Ambassadors with the aims and outcomes achieved.

Aims of the activity:

1. **Increase Awareness:** To raise awareness about library services and resources within the community.
2. **Engagement:** To engage community members and encourage their active participation in library programs and events.
3. **Feedback Collection:** To gather feedback from patrons regarding their needs and preferences to improve library services.
4. **Promotion:** To promote specific programs and events offered by the library.

Outcomes of the Event:

1. **Increased Attendance:** The efforts of Library Ambassadors contributed to a notable increase in attendance at library events, workshops, and programs.
2. **Enhanced Community Engagement:** The community engagement metrics, including event attendance, and feedback participation, demonstrated an enhanced level of community engagement with the library.
3. **Positive Feedback:** Feedback collected from patrons indicated high levels of satisfaction with library services and highlighted areas for improvement, aiding in strategic planning and resource allocation.
4. **Improved Visibility:** The visibility of the library within the community significantly improved as a result of targeted outreach efforts and promotional activities led by Library Ambassadors.

Conclusion:

The activities of Library Ambassadors have successfully achieved the outlined aims of increasing awareness, engagement, feedback collection, promotion, and partnerships. Their dedication and efforts have strengthened the bond between the library and the community, fostering a culture of lifelong learning, collaboration, and inclusivity. Moving forward continued support for the Library Ambassador program will be essential to sustain and build upon these achievements.

Report on the Conducted workshop on Online Resources and Services for PG Students- 2023

This is a report on the workshop conducted by the Department of Library and Information Centre. The workshop was conducted from 24th Feb to March 10th 2023 for PG First year Students.

The library and information centre recently conducted a workshop on online resources and facilities available for library users. The workshop was aimed at informing users about the latest digital technologies and tools available for accessing information and research. It was also intended to teach users how to navigate the library's online resources effectively and improve their research skills. The workshop was attended by a PG first years of students. The workshop was conducted by librarians who have extensive knowledge in digital resources and online facilities. They demonstrated various tools and resources available online and how to use them to access relevant information.

The workshop covered a variety of topics, including research databases, online journals, e-books, and digital archives. This was supplemented with practical examples that demonstrated how these resources can be used to conduct research more effectively. Participants were also given tips on how to evaluate online resources and the importance of avoiding unreliable sources.

The workshop also demonstrated the library's user-friendly online search platform that enables users to search for resources and services from anywhere at any time. Participants were taught how to use this platform to conduct effective research and how to access additional information services provided by the library.

In summary, the workshop was a resounding success, and participants left with a deeper understanding of digital resources and facilities available in the library. They were equipped with new research skills and encouraged to make the most of the new technologies to enhance their research and improve their overall learning experience.

The library and information centre plans to organize more workshops and training programs to ensure users stay up-to-date with the latest resources and facilities available. Each participant received an electronic certificate.
